

## Akuvox NDAA Compliance Statement

### National Defense Authorization Act

To address a perceived cyber-security risk, an interim final rule of the National Defense Authorization Act (NDAA) for the Fiscal Year of 2019 was made effective on August 13, 2019.

Section 889 contains the prohibition on certain telecommunication and video surveillance services or equipment from specific vendors. It also contains several provisions that have a major impact on currently existing and future US government-related video surveillance deployments.

The NDAA ban extends to manufacturers in cases in which the video surveillance cameras or systems from specified vendors are offered under another manufacturer's brand name typical of OEM, ODM, and JDM relationships.

### Akuvox Statement

Akuvox is committed to providing NDAA Section 889 compliant products. Our SIP Video Intercom/Indoor monitor/Access Control product line: R2X, X91X, E 1 X, C31X, IT8X X93X, A01,A02 and A092 model & series which does not have OEM, ODM, and JDM relationships with the named vendors in the NDAA. Akuvox Compliance Product List will be regularly updated on our website.

The following Akuvox product which do not use or deploy critical components, nor include SoCs produced by NDAA banned component vendors, are compliant with the NDAA.
